NILES®

WS100R

INFRARED EXTENDER SYSTEMS

Wall-Mount IR Sensor

- Packaged for retail display
- Includes Decora® faceplate

IR Sensors

WS100R

Color	Stock Number
White	FG01010
Bone	FG01012
Almond	FG01011
Black	FG01013

FEATURES

- No installation limitations
- Plasma-proof sensor
- Operates in areas where fluorescent lighting and indirect sunlight are present
- Wideband operation of 26 – 105kHz accommodates virtually all manufacturers remotes
- Removable screwless connector for easy installation
- Bi-color LED indicates when remotely located A/V system is on
- Bi-color LED confirms the reception of IR commands
- Sensor pick-up range: >20 feet (depending upon the strength of the handheld remote)
- Removable Decora® snap-in color insert for quick and easy color changes

SPECIFICATIONS

- Dimensions: 2-3/4" wide x 4-1/2" high x 1-1/4 deep
- Requires 1-gang electrical box at least 1-1/2" deep

Warranty: Two-year limited

Technology

PLASMA-PROOF DESIGN
Enables any sensor to be placed near plasma displays

FLUORESCENT INTERFERENCE RESISTANT
Expands installation flexibility to areas with fluorescent lighting

WORKS IN INDIRECT SUNLIGHT
Eliminates environmental restrictions

PLUG-AND-PLAY CONNECTIONS
Facilitates quick and easy system installation

SINGLE & MULTIZONE CONFIGURATIONS
Installers have an IR solution for virtually every application

Details

STATUS FEEDBACK
Gives visual indication that the system is on

IR CONFIRMATION LEDS
Confirms the reception of IR commands for system troubleshooting

SYSTEM EXPANSION HUBS FOR STRUCTURED WIRING INTEGRATION
Simplifies rewiring and eliminates clutter behind the equipment cabinet
